

# The Music Production Club

**With Mr. Harrison**

If you love music and want to learn how to make and produce it, this is the club for you!

In this club you will learn:

- The basic operation of FL Studio
- How to use and manipulate synthesizers
- How to record instruments and vocals
- How to use effects and plugins
- Basic mixing principles
- Basic music theory
- How to chop samples from a song and use them to create something new
- How to connect a midi device to aid work-flow

We will meet 3:00pm to 4:30pm on Mondays and Fridays. All students in the club will be given access to FL Studio Signature Edition. Our first meeting will be on October 3<sup>rd</sup> in Room 111.

**There will only be 20 seats.**
